

Electric Air Blower
150W

1221

- 100% Copper coil
- Full metal impeller to ensure long life
- Ability to adjust air flow with the ventilator installation on the body
- High quality and durable Aluminum body
- Provide high air flow with high pressure during work time without pressure drop
- Equipped with wide base and ability to install on the table for better deployment
- Low noise and anti-vibration motor

Model	1221
Power	150W
Weight	1.8 kg
Voltage	220 - 240V
Frequency	50-60Hz
size	2 inch
Pressure	200 Pa
No load speed	3000 RPM
Supplied In	Ronix color box
