

**Demolition Hammer**

**1800W**

**2811**

- High power, robust 1800W motor delivers up to 25J of impact energy for heavy-duty demolitions
- Double anti-vibration system reduces operational fatigue and improves efficiency
- Unique chisel rotation system for adjusting the hammering positions
- Variable speed setting to customize demolition speed in different working conditions
- SDS max toolholder with robust power and impressively high demolition performance
- Equipped with auxiliary handle for better handling during operation
- Dust proof and high-torque motor for using in construction site jobs
- Anti-dust ball bearings for more efficiency and higher durability
- Electronic constant speed function for comfortable working in different operations
- D-shape ergonomic handle for maximum control during heavy-duty operations
- Soft Rubberized handle to reduce fatigue during operation and bring convenience
- Extraordinary demolition speed system for maximum functionality

Model	2811
Power	1800W
Voltage	220-240V
Frequency	50-60Hz
Chuck Type	SDS Max
Impact Energy	6-25J
Max Impact Rate	1000-1900BPM
Weight	11kg
Supplied In	BMC
Includes	Auxiliary Ronix-design handle, Grease bottle, 2 chisels, 1 Spanner
