

Long Neck Die-Grinder
6mm-840W

3303V

- Efficient high-power 840W motor ensures maximum functionality
- Long grinding spindle enables working in tight and hard to reach places
- Auxiliary Ronix-design side handle minimizes vibration and reduces fatigue during long time working
- Die-cast Aluminum alloy housing enables light weight, superior heat dissipation and enhances body strength
- Direct airflow system which cools the motor for more reliable performances
- Slim body design for ideal handling and higher working performance
- Precision collet enables the operator to do accurate applications faster and easier
- Variable 6 speed control.
