

Bench Grinder
520W

3504

- High-speed heavy-duty motor provides superior power for a wide range of industrial applications
- Motor runs at 2950 RPM for high-speed material removal
- The adjustable safety eye shield and spark resistors allow you to feel safe while using the slow-speed grinder
- Built to work in demanding, high volume environments, durable enough to tackle the tough grinding applications
- Adjustable metal bracket gives solid tool support for more convenient operation
- Equipped with a work light for more precise and comfortable operations
- Incorporates 36 and 60 Grit Wheels for sharpening and grinding
- Ideal for workshops, carpenters, turners, carvers, etc.

Model	3504
Power	520W
No-load RPM	2950 RPM
Voltage	220V
Wheel Diameter	8x200x20mm
Weight	19kg
Includes	Safety eye shield, Working light, Bracket
