

Electric Jigsaw
550W

4150

- High-power robust 550W motor enables cutting up to 65mm depth in wood and 8mm in metal plate
- Light weight, compact design for more convenient use
- 6-position speed wheel control from 1000 to 3000 RPM regulates the speed to adapt to the operator's needs for optimal cutting performance on different materials
- 4-position orbital action improves cutting control and cutting speed
- steel base plate allows precise bevel cuts at the most common angles 0°, 15°, 30°, and 45°
- Ergonomic top handle promotes easy work and perfect machine control
- Lock-on button let prolonged use with maximum control

Model	4150
Voltage	220-240V
Frequency	50-60Hz
Jig Saw Blade Type	T-shank
Orbital Action	4-Position
Bevel Cutting Capacity	0-45Degree
Power	550W
Max Capacity In Wood	65mm
No-Load Speed	1000-3000RPM
Weight	2kg
Includes	Dust connection tube, 1 Hex keys, 1 pair of carbon brush
