

**Electric Polisher**

**750W**

**6123**

- High efficiency robust 750W motor secures maximum productivity and top performances in different functions
- Uses a circular motion combined with a orbital motion to create dual action in order to achieve the best quality in polishing and waxing
- Variable 6 speed setting from 2000 to 6400 RPM no-load of speed enables working at customized speeds in order to adapt to various materials and applications
- Perfect for finishing, compounding, waxing, polishing, shining and deoxidizing
- Anti-dust ball bearings which ensure the durability of the motor and make it work more smoothly and more efficiently
- Ergonomic auxiliary handle reduces operational fatigue and promotes perfect machine control
- Slow Start Feature

Model	6123
Power	750W
Voltage	220-240V
Frequency	50-60Hz
Dimension	370x155x155mm
No-Load Speed	2000-6400Rpm
Pad Diameter	150mm
Spindle Size	M12
Weight	2.3kg
Supplied in	Color box
Includes	1pc polishing pad 1pc auxiliary handle 1pc D-style handle 1pc wrench 1pair carbon brush 1pc sponge pad
