

Brushless chain saw

20V, 8 Inch

8658

- Professional cordless chainsaw enhanced cutting performance with powerful Brushless motor and a chain speed of 5 meter per second
- Automatic lubricating system reduces the friction between the bar and chains and makes cutting smoother and easier
- Equipped with power switch to protect against accidental start
- Low noise level and zero emissions for operator comfort
- Armed with Safety brake handle and Low-kickback saw chain to protect users
- Rubberized soft grip top handle is engineered for the user to more easily apply even cutting pressure
- Equipped with over current protection
- Suitable for wood cutting, gardening pruning, small branch pruning, bush pruning, widely used in gardens, farms, parks, forest, pastures, orchards, greenhouses

2Ah 20V CE
