

**Air Compressor**  
**10Liter**

**RC-1010**

- High efficiency 1HP motor with 10L tank capacity provides adequate stored air power and dependable performance
- 8 bar maximum pressure stores sufficient air in the tank for continuous tool operation
- Compact, super light design makes it extremely easy to transport and use
- Able to fill the air tank at the minimum time
- Equipped one flow regulator and two quick couplers to maximize air tool performance
- Metal air filter results in better performance and higher efficiency
- Multipurpose machine which is great for different jobsites and workshops. Suitable for fastening, nailing, bolting, painting,...
- Thermal protector system controls the temperature of the motor during longtime working
- Equipped with a safety valve

Model	RC-1010
Power	1HP
Voltage	220-240V
Frequency	50-60Hz
Air Delivery	200L/min
Speed	2800RPM
Tank Capacity	10L
Max Pressure	8bar/116psi
Supplied In	Ronix Color box
Includes	Air Filter, Oil Bottle, 2 air couplers
