

Air Coil Hose

RH-6110

- Coiled polyurethane hose for a wide range of industrial applications
- Made of high-quality PE material that allows you to clearly see the remaining liquid capacity scale through the transparent bottle
- The high-quality brass nozzle can adjust the intensity of the water spray from direct injection to fine mist spray
- It is equipped with a comfortable 1.2m hose and extended spray stick, which helps to spray longer distances or inaccessible places
- Ergonomic handle not only reduces fatigue but also facilitates long-time spray operation
- The trigger at the handle can be locked for continuous spraying with a steady amount of water
- Equipped with a safety valve that automatically relieves pressure when the pressure exceeds the desired amount
- Compatible with common fertilizers, weed killers and pesticides
- Multi-function tool, ideal for cleaning cars, irrigation plants, pet shower, home cleaning
- Can be efficiently applied for large areas
