

Electric Heater 3000 W

1191

- Equipped with a ceramic heating plate and 3000W power, the unit delivers a steady stream of warm air through a high-speed 365m³/h airflow fan.
- Operates at three levels: 23W (fan only), 1500W (half power), and 3000W (full power).
- Ideal for spaces up to 24m² or 60m³.
- Adjustable thermostat with HIGH and LOW settings for precise temperature control.
- A 170mm dynamic fan that ensures strong airflow with low noise (only 45dB).
- The heater includes an automatic shut-off function to prevent overheating and ensure safe operation.
- Three power modes (low, medium, high) allow you to enjoy warm air or natural airflow, making it suitable for year-round use.
- The air outlet tilts up to 90° so you can direct warm air exactly where you need it.

Model	1191
Voltage	220-240V
Frequency	50-60Hz
Power	3000W
Heating element type	PTC
Material	Steel + Polypropylene (PP)
Usage	Indoor
Dimensions	275 × 175 × 318mm
Net Weight	2.2Kg
Gross weight	2.7Kg
packaging	Color Box
