

Gasoline Rotary Hammer

1000w

2790

- 32.7cc, 2cycles high power 1000W engine with outstanding performance
- Automatic lubricating system reduces the friction between the bar and chains and makes cutting smoother and easier
- Anti vibration system makes the operation more comfortable and reduces fatigue during long hours of working
- 12J of impact energy for heavy-duty demolitions
- Unique chisel rotation system for adjusting the hammering positions
- SDS-MAX system with automatic bit locking mechanism
