

Demolition Hammer
950W-10J

2806

- High efficiency 1250W motor delivers 10J of impact energy which is most suitable in vertical operations
- Die-cast aluminium housing enables light weight, superior heat dissipation and enhances body strength
- 360° auxiliary Ronix-design anti-shock handle provides a wide range of movements along with operator's comfort
- Anti-vibration system reduces operational fatigue and improves efficiency
- constant speed function for comfortable working in different operations

Model	2806
Power	950W
Voltage	220-240V
Frequency	50-60Hz
Chuck Type	HEX
Impact Energy	10J
Max Impact Rate	2900BPM
Weight	6.5kg
Supplied in	Ronix metal box
Includes	Ronix Auxiliary handle, pointed chisel, Spanner, Grease bottle, Hex wrench
