

Rotary Hammer Drill
1800W

2811

- High power, robust 1800W motor delivers up to 25J of impact energy for heavy-duty demolitions
- Double anti-vibration system reduces operational fatigue and improves efficiency
- Unique chisel rotation system for adjusting the hammering positions
- Variable speed setting to customize demolition speed in different working conditions
- SDS max toolholder with robust power and impressively high demolition performance
- Dust proof and high-torque motor for using in construction site jobs
- Anti-dust ball bearings for more efficiency and higher durability
- Electronic constant speed function for comfortable working in different operations
- D-shape ergonomic handle for maximum control during heavy-duty operations
- Extraordinary demolition speed system for maximum functionality

Model	2811
Chuck Type	SDS Max
Power	1800W
Impact Energy	6-25J
Frequency	50Hz
Max Impact Rate	1000-1900 BPM
Voltage	220V
Weight	11kg
Supplied in	BMC
Includes	Auxiliary Ronix-design handle, Grease bottle, 2 chisels, 1 Spanner
