

Demolition Hammer

1700W

2818

- High power, robust 1700W motor delivers up to 55J of impact energy for heavy-duty demolitions
- AVS anti-vibration system minimizes vibration and reduces operator's fatigue during long hours of working
- Unique chisel rotation system for adjusting the hammering positions
- Variable speed setting to customize demolition speed in different working conditions
- HEX tool-free bit system with automatic bit locking mechanism
- Power indication light lets you know immediately when the cable breaks
- Service reminder light indicated the time to make the maintenance
- Electronic constant speed function for comfortable working in different operations
- D-shape ergonomic handle for maximum control during heavy-duty operations
- Ronix anti-shock wheelchair BMC for easy transportation
- Meets EMC, GS & CE standards
