

Mini Angle Grinder
1200W-125mm

3125

- High resistance powerful 1200W motor secures maximum efficiency in heavy duty jobs
- This AC angle grinder can help you do various jobs. Let you use more satisfactory, convenient and quick
- Anti-dust ball bearings which ensure long lifetime of the motor and make it work more smoothly
- Direct airflow system which cools the motor for more reliable performance and higher overload capabilities
- Locking pin system for easy and fast disc changing and safety mechanism
- 2 positions ergonomic side handle reduces operational fatigue and improves working performance
- The ventilation openings are opened at the working position of the motor, and the heat during operation can be discharged at the fastest speed to protect the motor from being burned out due to long-term use
- Protective anti-heat rubber cover for comfortable and safe working
- He compact and portable size of this mini angle grinder can be used for many tasks. You are no longer restricted by space and can perform more refined operations
- 11500 RPM no-load to adapt to the operator's needs
- High quality epoxy-coated field windings, makes the life time of the motor longer by preventing dust and small pieces from penetrating the motor windings
- Direct airflow system which cools the motor for more reliable performance and higher overload capabilities

Model	3125
Power	1200W
No-Load Speed	11500RPM
Voltage	220-240V
Frequency	50-60Hz
Motor Type	Universal Motor
Cable Material	Rubber

Product Dimensions (Length×With×Height)	330×80×100mm
Wheel Diameter	125mm
Spindle Size	M14
Net Weight	2Kg
Grass Weight	2.4Kg
Material	Aluminium+Plastic
Packaging	Color Box
Accessories	Wheel guard125#1pc carbon brush 1pair;side grip 1Pc ;spanner 1Pc
