

Mini Angle Grinder

115/125mm-1400W

3160

- High power heavy-duty 1400W motor that delivers up to 9000 RPM no-load of speed
- 2 positions anti-shock ergonomic side handle which promotes easy work and perfect machine control in different range of operator movements
- Direct motor cooling system which allows higher industrial operation capabilities and protects armature
- Variable speed setting regulates the speed to adapt to the operator's needs
- Quick change of disc guard that allows the user to position the guard in many different working angles
- Easy and fast carbon brush changing mechanism
- New locking pin system for easy and fast disc changing and safety mechanism
- Anti-dust switch which reduces dust penetration, especially in construction usages

Model	3160
Power	1400W
Voltage	220-240V
Frequency	50-60Hz
No-Load Speed	9000 RPM
Wheel Diameter	115/125mm
Spindle Size	M14
Weight	3.2Kg
Supplied in	Ronix Color Box
Includes	Auxiliary Ronix-design handle, Ronix wheel guard, Spanner, Hex key
