

Cut off Saw
2600W-355mm

5906

- Powerful, high performance 2600W motor ensures perfect functionality
- Anti-dust ergonomic switch for reducing dust penetration and more convenient use
- Adjustable spark guard designed to divert sparks and ensures safety of operations
- Fence adjustment up to 0-45° for accurate angle cuts, adjusts in 0-45 positions for different material sizes
- Spindle lock system for easy and fast wheel changing and safety mechanism
- D-shape handle enables better gripping and more control during various cutting applications
- Strong, precise work piece clamp improves working performance especially in accurate cutting operations

Model	5906
Power	2600W
Voltage	220-240V
Frequency	50-60Hz
Max Capacity in Rectangle Steel	100x120mm
Max Capacity in Round Steel	100mm
Max Capacity in Square Steel	100x100mm
Max Capacity in Angle Steel	90mm
Blade Diameter	355mm
No Load RPM	3900RPM
Weight	18.5Kg (Net weight)/ 20.5Kg (Gross weight)
Packaging	Color Box with Full Foam
Accessories	1Pc Spanner, 1Pair of carbon Brush
