

Cut Off Saw 2600W-355mm

5906

- Powerful, high performance 2600W motor ensures perfect functionality
- Anti-dust ergonomic switch for reducing dust penetration and more convenient use
- Adjustable spark guard designed to divert sparks and ensures safety of operations
- Fence adjustment up to 0-45° for accurate angle cuts, adjusts in 0-45 positions for different material sizes
- Spindle lock system for easy and fast wheel changing and safety mechanism
- D-shape handle enables better gripping and more control during various cutting applications
- Strong, precise workpiece clamp improves working performance especially in accurate cutting operations

355mm CE

0-45°  **Heavy Duty** 

  **PRECISION CUT**  **High Power**

TUV

Model	5906
Power	2600W
Voltage	220-240V
Frequency	50-60Hz
Max Capacity in Rectangular Steel	100*120mm
Max Capacity in Round Steel	100mm
Max Capacity in Square Steel	100*100mm
Max Capacity in Angle Steel	90mm
Blade Diameter	355mm
No Load RPM	3900RPM
Net Weight	18.5Kg
Gross weight	20.5Kg
packaging	color box with full foam
Accessories	1pc spanner, 1 pair of carbon
