

Cut-Off Saw
1280W-7000RPM

5918

- Powerful, high performance 1280W motor ensures perfect functionality
- Anti-dust ergonomic switch for reducing dust penetration and more convenient use
- Spark guard designed to divert sparks and ensures safety of operations
- Fence adjustment up to 45° for accurate angle cuts
- Spindle lock system for easy and fast wheel changing and safety mechanism
- D-shape handle enables better gripping and more control during various cutting applications
- Strong, precise work piece clamp improves working performance especially in accurate cutting operations

Model	5918
Weight	7.5Kg
No load speed	7000RPM
Power	1280W
max capacity cutting	max cap
Cutting Wheel Diameter	180mm
Voltage	220-240V
Frequency	50-60Hz
