

Dual Electric Router

6-8mm, 710W

7108

- Professional high-power 710W motor ensures outstanding functionality to handle a wide range of woodworking applications
- High-speed efficient machine delivers up to 33,000 RPM for the fastest and cleanest cuts even on the tough hardwoods
- Variable speed setting from 13,000 to 33,000 RPM in order to adapt to different kinds of applications
- Precision cutting depth adjustment mechanism ensures quick and accurate height adjustments
- Three-level stop to preselect up to 3 different routing depths in order to perform various applications
- Two kinds of collet chuck capacity (6mm&8mm) enables different operations
- High durability and accuracy obtained by using aluminum for body housing
- Aluminum die cast base plate plus durable steel springs ensures easy sliding and improves performance of depth adjustment
- Rubberized soft grip handles provides superior comfort, balance, and control even during extended jobs
- Replaceable, non-marring plastic base plate for protection of plunge base and smooth sliding on work surface
- Simple and efficient base lock system
- Suitable for a broad range of applications including precise bit plunging, edge forming, slot cutting, laminate trimming,...
- Spindle lock for easy and safe router bit change
- Light-weight ergonomic design for ideal handling and more convenient use

Model	7108
Power	710W
Voltage	220-240V
Frequency	50-60Hz
Collet Size	6-8mm
Height	200mm
No-load RPM	13000-33000 RPM
Weight	3kg
Supplied in	Ronix Color box
Includes	Wrench, 8mm Collet, Straight guide Transparent guard Guide holder
