

Cordless Blower

20v

8611

- Efficient 20V motor provides a significant amount of air force for both blowing and vacuuming functions
- 2 tools in one, quickly convert to a vacuum cleaner for added versatility
- different speed settings enable working with different blowing air rate in order to adapt to different kinds of applications
- Vortex design of fan blades will impressively increase the air force
- Strong design suitable for applications in the workshop and on the construction site
- Light weight design, handy housing enables convenient use
- Ergonomic design provide convenient handling during operation
- Heat dissipation system ensures faster cooling and longer lifetime

Model	8611
Voltage	DC-20V
Battery Type	Li-ion
Maximum Air Flow	0-2.8m ³ /min
No Loads of Speed	0-18000RPM
Continuous Working Time (All Diodes)	30min(Max air flow)
Battery Charging Time	60min
Battery Capacity	4.0Ah
Weight	1.87kg
Supplied In	Ronix Color box
Includes	Blow rubber tube, Dust bag, 1pc 2.0Ah Battery, 1pc 2A Charger

20V 4Ah 1BATTERY
