

Cordless leaf blower

20V

8623

- Efficient 20V motor provides a significant amount of air force for both blowing and vacuuming functions
- 2 tools in one, quickly convert to a vacuum cleaner for added versatility
- Different speed settings enable working with different blowing air rate in order to adapt to different kinds of applications
- Vortex design of fan blades will impressively increase the air force
- Strong design suitable for applications in the workshop and on the construction site
- Light weight design, handy housing enables convenient use
- Ergonomic design provide convenient handling during operation
- Heat dissipation system ensures faster cooling and longer lifetime

20V CE   

2Ah **BRUSHLESS MOTOR**

Model	8623
Voltage	20V
Battery Type	Lithium
Battery Capacity	2.0Ah
Motor Type	Brushless
No Loads of Speed	0-18500RPM
Maximum Air Flow	13.2m ³ /min
Continuous Working Time	5-6Min(Max speed working time,current <27A)
Weight	3.0Kg(with 1pc battery)
Charging time	25ml
Includes	2pcs 2.0Ah battery ,1pc charger ,1pc screwdriver
