

Brushless Cordless Leaf Blower
20V-18500RPM

8623

- Efficient 20V motor provides a significant amount of air force for blowing function
- Different speed settings enable working with different air blowing rates to adapt to various kinds of applications
- Vortex design of the fan blades will impressively increase the air force
- Strong design suitable for applications in the workshop and on the construction site
- Lightweight design and handy housing enable convenient use
- Ergonomic design provides convenient handling during operation
- The heat dissipation system ensures faster cooling and a longer lifetime
