

Brushless Multi Functional Tool

20V

8659

- Equipped with LED light for light the dark work surfaces
Variable speed with 8000 ~ 20000 RPM , an oscillation angle of 4.2° degrees for precise cutting and grinding work
- The Soft start technology of the multi tool enables precise positioning on the workpiece, the smooth-running motor ensures perfect results
- Integrated quick-release fastener with clamping lever for convenient and fast tool change
- Suitable for efficient processing of wood, plaster, plastics, tiles, etc

Model	8659
Motor Type	Brushless
Dimension	92x75x290 mm
Battery Type	Lithium
Max Speed	20000 RPM
Includes	2pcs battery 1pc charger 1pc saw blade 1pc stainless scraper 1pc sanding disc 3pcs sanding paper
Body Material	Metal, plastic,aluminum
Running Time	1 h
Voltage	21 V
Supplied in	Color box
Battery Capacity	2.0 Ah
Net Weight	2.35 Kg
Total weight	2.85 Kg
Charging time	1 h
Min speed	8000 RPM
Soft start	Yes
Oscillation angle	4.2°
