

## 20V Brushless Cordless Single Paddle Mixer

# 8666

- Powerful 20V Motor delivers high performance for efficiently mixing a wide range of materials.
- Variable speed control enables precise speed adjustment to match different material viscosities and mixing requirements.
- Lightweight and portable design ensures easy handling and reduced fatigue, even during prolonged use.
- Prevents overheating, extending motor life and ensuring reliable operation under heavy loads.
- Prevents sudden splashing and material waste by gradually increasing speed.
- Ensures long-lasting performance and withstands tough mixing tasks.
- Helps remove material buildup and improves mixing efficiency.

Model	8666
Motor Type	Brushless
Voltage	20V
Battery Type	Lithium-ion
Battery Capacity	4Ah
No-Load Speed	0-450/min 0-720/min
Speed Settings	Continuously variable
Mixing Paddle Type	Blade
Mixing Paddle Diameter	120mm
Shaft Thread Size	M14
Noise level	91db
Housing Material	PA6 + GF30
Handle Material	PA6 + GF30 + TPE
Weight	3Kg
packaging	Color box

20V Brushless Cordless Single Paddle  
Mixer
