

**Brushless Impact Drill**

**13mm-60Nm**

**8670**

- Powerful and high frequency impact capability, with fast stop function, positive and negative rotation function, equipped with a high speed ratio gearbox to achieve strong drilling and screw screwing ability, instant torque up to 60N.m
- With luminous LED light function, through the switch control, can be used normally in the dark environment. The shape of the machine provides compact size, comfort, balance and soft grip, so that you can operate more effortless and convenient
- The low-maintenance and powerful brushless motor ensures maximum performance with longer running time compared to conventional carbon brush motors
- The single-sleeve 13 mm keyless chuck picks up the desired tool accessories in no time
- The speed electronics ensure exact results thanks to the optimal adaptation to each material and the respective application

Model	8670
Battery type	Lithium-ion
Battery Voltage	20V DC
Battery Capacity	2000 mAh
No-load speed	0-450 RPM 0-2000 RPM
Impact rate	0-30000 BPM
Chuck type	keyless chuck
Chuck size	13 mm
Max Torque	60 N.m
Max Capacity (Wood, Metal, Masonary)	Wood:35 mm Metal:12 mm Masonary:8 mm
Body Material	PA6-GF30
Product dimentions	164x70x199mm
Net Weight	1.43kg
Total Weight	2.75 kg
Includes	2pcs battery packs 1pc charger
Supplied in	BMC
