

Brushless Cordless Impact Wrench
20V

8675

- Compared to brush motors, brushless motor technology can effectively save battery energy, extend the runtime by 25%, increase the lifetime by five times, the speed can reach 1800 rpm and the torque can be increased to 1000 N.m, our brushless impact wrench can turn screws or tighten nuts at incredible speed
- 1/2-inch quick chuck with integrated LED and reverse control The compact design is suitable for tight areas and minimizes user fatigue. The impact wrench has a built-in LED light that improves visibility in closed work areas or dark environments. The forward/reverse switch facilitates snapping and screwing in
- The speed of the impact wheel can be adjusted between 0 and 1800 rpm, depending on the pull-off force. The automatic start-stop system reduces damage to the nut. Variable speed controls are designed for a variety of screwdriving applications. Ideal for construction and repair work, furniture assembly and DIY work. Thanks to the wireless design, you can use it wherever you need it
- Make sure each battery has at least 1000 charge and discharge capacity

Model	8675
Battery Type	Lithium-ion
Battery Capacity	4.0 A.h/20V
Head Style	Square
Head Size	12.7mm 1/2In- 19mm 3/4In
No-Load Speed	0-1800RPM
Impact Rate	0-2200BPM
Torque	1000 N.m
Bolt specification	M12-M24
Dimensions	193x82x236.7 mm
Weight	2.96Kg(with 1pc battery pack)
Packaging	BMC
Includes	2pcs battery packs/1pc charger/1pc Cylindrical pin/1p O-ring/1pc sleeve rubber ring/1pc 1/2" square shaft
