

Brushless Cordless Rotary Hammer

20V-3.5J

8679

- High-efficiency, powerful rotary hammer drill with 2 functions: hammer drilling and chiseling
- High-performance, brushless, waterproof motor ensures maximum durability and long life
- Die-cast aluminum housing provides lightweight construction, superior heat dissipation, and enhanced body strength
- SDS Plus tool-free bit system with an automatic bit-locking mechanism
- Unique chisel rotation system for adjusting hammering positions
- Lock button switch for comfortable operation during continuous use
- High-torque safety clutch system protects the armature and ensures safety
- Battery charging indicator displays the battery level quickly and easily
- Equipped with advanced protection features, including: overcharging protection, over-discharging protection, overload protection, short circuit protection, and over-temperature protection
- Ergonomic soft-grip handle for improved handling during use

2 BATTERIES 20V 4Ah ALL IN ONE

Model	8679
Battery Type	Lithium-ion
Battery Capacity	4.0Ah
Body Material	PA6+GF30
Chuck Type	SDS-Plus
Chuck Size	Φ10mm
No-Load Speed	0-1000RPM
Impact Energy	3.5J
Impact Rate	0-5400BPM
Max Capacity in Concrete	24mm

Dimensions	336x91x221mm
Weight	4.26Kg (with 1Pc Battery Pack)
Packaging	BMC
Accessories	2PCs Battery Packs 1Pc Charger 1Pc Auxiliary Handle 1Pc Dust Cover
