

Air Compressor
10Liter

RC-1010

- High efficiency 1HP motor provides adequate stored air power and dependable performance
- 8 bar maximum pressure stores sufficient air in the tank for continuous tool operation
- Compact, super light design makes it extremely easy to transport and use
- Able to fill the air tank at the minimum time
- Equipped with two flow regulators and two quick couplers to maximize air tool performance
- Metal air filter results in better performance and higher efficiency
- Multi-purpose machine which is great for different jobsites and workshops. Suitable for fastening, nailing, bolting, painting,...
- Thermal protector system controls the temperature of the motor during longtime working
- Equipped with a safety valve

Model	RC-1010
Tank Capacity	10L
Voltage	220V
Frequency	50Hz
Power	1HP
Speed	2800 RPM
Air Delivery	200L/min
Max Pressure	8bar/116psi
Weight	14.5kg
Length	58cm
Width	26cm
Height	60cm
Supplied in	Ronix color box
Includes	Air filter, Oil bottle, 2 air couplers
