

## Hydraulic Trolley Jack

# RH-4911

- The hydraulic technology makes lifting simple while a wider frame and internal bypass valve ensure safety
- Safety bypass system prevents over-loading and ensures safe operation
- Steel casters for longevity
- Special quality design: polished and treated cylinder rams use high-performance seats. Polished inner cylinder walls extend the life of the seals to minimize abrasion and wear
- Compact design allows use in confined spaces and easily fits under low vehicles
- Steel frame construction for maximum durability and longer life
- Rear swivel casters for easy maneuvering
- 360-degree swivel positive locking safety release handle and 360-degree rotating saddle for versatility

Model	RH-4911
Capacity	2 Ton
Type	Trolley jack
Min Height	140mm
Lifting Height	340mm
Net Weight	9.0kg
Supplied in	Ronix color box
