

Vertical Silent Air Compressor
10L, 750W

RC-1014

- 10 liter tank combined with a 750W motor provides plenty of power to cover a wide variety of applications
- 8 bar maximum pressure stores sufficient air in the tank for continuous tool operation
- The light weight and compact design plus Handle make it highly portable and remarkably easy to use
- Induction motor for continuous application
- FBANG switch for more efficiency and long life
- Able to fill the air tank with 2 cylinders at the minimum time
- Equipped with a safety valve
- Oil free pump mechanism for more efficiency
- Hyper silent motor and new pump design
- Drain valve under the tank
- Solenoid valve for greater performance
- Less vibration during worktime
- Equipped with metal guage
- Thermal protector system controls the temperature of the motor during longtime working
- Soft rubber base to be applicable in rough and inclined surface
