

Long Nose Plier

6 Inch

RH-2690

- The handle of the pliers is made of environmentally friendly PP+TPR material, provides extra comfort and reduces hand fatigue
- The pliers body is made of CRV, with a general heat treatment. Full body heat treatment:42-48 HRC ensures long durability and corrosion resistance
- 6 Inch pliers are well suited for household projects as well as for various professional tasks and craftsmen
- Cutting blades with special heat treatment for sharp edges and strong shear force. Precision jaws make it better to hold the object firmly so it does not slip
- Suitable for home decoration, car maintenance, wire cutting, screw fixing, etc. Meet the needs of different scenarios
