

Multi Function Long Nose Pliers

8 inch

RH-1395

- The diagonal cutting pliers can be used as a wire stripper and also works as a wire cutter plier. Stripping: suitable for American standard(AWG): 12/14/16/18 metric diameter(mm): 2.0/1.6/1.3/1.0 wires
8inch diagonal pliers are made of premium 55# carbon steel, which is integrally heat-treated and forged with a blackened surface to ensure higher hardness, toughness and durability as well as stronger corrosion resistance, anti-corrosion rust.
- The overall hardness of the diagonal cutting pliers is 42-45HRC, and the hardness of the cutting edge is 60-62 HRC.
- The handle is made of non-slip TPR material, which brings you a comfortable holding experience
- The heavy duty side-cutting pliers can cut steel wire, copper wire, iron wire, also can cut thin plastics; very suitable for electricians to wire

Model	RH-1395
Size	8"
Maximum jaw opening range	55mm
Crimping size	0.75-6mm
Wire stripping range	American standard(AWG): 12/14/16/18 metric diameter(mm): 2.0/1.6/1.3/1.0
Body material	55# steel
Handle material	TPR
Spring material	65Mn
Weight	264g
Packaging	blister card
