

Carpenter Pincer

RH-1520

- Constructed from Chrome Vanadium with wear-resistant & heavy-duty design which makes it an ideal tool for pinching, cutting or pulling objects
- The cutting edges have been additionally hardened and have a high cutting edge harness for effective cutting and longer life time
- High-precision and smooth movement of the joint results in better and easier function
- Fatigue-free handle design for more convenient operation in long time usage
- Fit to match the needs in the shop, at home or in the service field
