

TPR Handle Phillips Screwdriver 6*150 -
German**RH-1933**

- Soft-touch ergonomic design provides superior comfort and control during use.
- Precision-machined tip ensures an exact fit, reducing cam-out and slippage.
- Handle-to-blade size ratio optimized for consistent torque delivery.
- The handle is molded directly to the blade for durability and extra strength.
- Made from high-quality tool steel for long-lasting performance.
- The tip profile is marked on the handle end for quick identification of the tip type.
- Dual-durometer handle combines comfort and durability for extended tool life.
