

VDE Phillips Screwdriver 5x80
PH1

RH-1970

- Sturdy and durable. Designed for Longevity and Durability
- With special rotary design on each cap ,the gap is closely combined while use. Easy to remove or fix the screws, increase speed and efficiency
- Helpful for daily maintenance and usage
- **DUAL INSULATION WITH TWO COLORS:** The top layer of insulation is red, while the bottom layer is yellow. This will let you know if your screwdriver has sustained damage and help you reduce risk
