

Feeler Gauges

20 Blades

RH-2698

- This gauge includes 20 blades, which are made of high quality carbon steel. Use for checking clearances on ignition points, valve, tappets, spark plug gaps, pistons, piston rings, brake bands etc.
- Metal housing feeler gauge with 20 silver tone metal tapered blades of different thickness.
- Features metric measurements marked on each blade, easy to read.
- A tool used to measure gap widths, mostly used in engineering to measure the clearance between two parts.

Model	RH-2698
Material	65Mn
Size	20 Blades
Size metric	0.05-1.00mm
Blade size metric	0.05/ 0.10/ 0.15/ 0.20/ 0.25/ 0.30/ 0.35/ 0.40/ 0.45/ 0.50/ 0.55/ 0.60/ 0.65/ 0.70/ 0.75/ 0.80/ 0.85/ 0.90/ 0.95/ 1.00 mm
Size inch	.002 - .040Inch
Weight	0.095Kg
Supplied in	Blister card
Includes	2pcs wrenches 10pcs grinding stones 1pc coupler 1pc blow case 1pc 1/8" (3mm) collet 1pc oil-pot
