

**German Pruning Shear**  
**22cm**

**RH-3165**

- The fully forged, sturdy metal body is paired with a durable, sharp blade and a hard-chromed counter blade
- A forged sap groove in the counter blade enhances self-cleaning, ensuring consistently clean cuts without sticking
- Ideal for both professional users and hobby gardeners alike
- The easy-action hardened spring gently opens the blades after each cut, minimizing fatigue during extended use
- An easily opened locking mechanism keeps the sharp blades securely closed when not in use, reducing the risk of accidental injuries

Model	RH-3165
Head Material	Carbon Steel
Handle Material	Injected Handle with Cellulose Acetate
Max Cutting Capacity	20mm
Length	22cm
Weight	235gr
Packaging	Blister Card
