

German Pruning Shear
21cm

RH-3166

- Versatile garden shear for cutting flowers, shoots and plants up to Ø 2.5 cm, ideal for working with one hand
- Long-term sharpness due to chrome-plated blades, corrosion-protected for an extreme long product life
- Extremely stable, forged metal body with classical, straight cutting head for optimum cutting results
- Easy action hardened spring gently opens blades after each cut to minimize fatigue
- Easily-opened locking mechanism keeps the sharp blades securely closed when not in use which minimizes the accidental injuries
- Ideal for the professional user

Model	RH-3166
Head Material	Carbon Steel
Handle Material	Injected Handle with Cellulose Acetate
Max Cutting Capacity	25mm
Length	21cm
Weight	228gr
Packaging	Blister Card
