

German Pruning Shear

28cm

RH-3167

- Forged metal body with a hard-chromed counter blade and a replaceable, long-lasting sharp blade
- Secateurs with an exchangeable blade
- Ideal for professional users and hobby gardeners with high standards
- Easy-action hardened spring gently opens the blades after each cut, minimizing fatigue
- Easily opened locking mechanism keeps the sharp blades securely closed when not in use, reducing the risk of accidental injuries
