

Lever Hoist

RH-4110

- All-metal impact-resistant body
- Made under cold forging
- Its high strength has made this product lighter and longer-lasting
- 360-degree rotating handle with tiny teeth
- Furnace paint with high durability
- Teethed handle, small and compact body design
- Ability to move the chain slowly on the pulleys with low pressure
- Each lever hoist is tested to 1.5 times the nominal capacity and a test certificate is issued accordingly

Model	RH-4110
Capacity (tonnes)	1.5T
No. of falls	1
Load chain	8x24 mm
Pull to rated load	22 kg
Proof load	22.5kn
Standard lift	1.5m
Supplied in	Ronix carton
