

Electric Hoists

450W/125Kg

RH-4130

- Robust, Powerful motor with copper winding to ensure long life
- Provides with IP54 safety class standard
- Durable Steel body suitable to work in difficult situation and workpalce
- Equipped with twist-resistant steel wire rope with suitable strength with a length of 18 meters
- Equipped with Thermal switch to protect motor from damage
- Equipped with automatic cut-off system

Model	RH-4130
(Double) Lifting Capacity	250Kg
(Double) Lifting Speed	5m/min
Power	450W
(standard) Lifting Capacity	125Kg
(Standard) Lifting Speed	10m/min
Voltage	220
(Double) Lifting Height	9m
(Standard) Lifting Height	18m
Cable Length	18m
Cable Diameter	3.18mm
Cable Strength	>750Kg
