

Pocket Work Light
1000LM

RH-4223

- Powerful max.8W COB LED side element emits max1000 lumens which easily lights your work area uniformly plus one end functions as a conventional hand flashlight
- Strong magnet at the back side- allows mounting on steel car panels like the fenders or hood for hands-free use
- Water and shock resistant so it will stand up to rough use in emergency situations in the worst weather
- The light beam has a wide range of lightweight bodies that can be easily carried around in your pocket, and has a non-slip coating that can be quickly grasped in the hand. Stand at one end as an emergency light source
- The powerful magnet at the backside of the light allows you to fix thisled flashlight on any ferrous surface to really free your hands
- Automatic power-off protection, Don't worry about overcharging
- Have function of output,it can be used as a powerbank

Model	RH-4223
Light Type	COB LED
Power	Max.8w
Battery	3.7V/2500mah
Max.Flux	1000LM
Illumination Range	60m
Brightness mode	Cob 100%, Cob 50%, Cob 20%, Off
CCT	6500K
DC Input(charger)	5V/1A
Rotation angle	0
Body material	ABS+PC/TPE
Runtime	210Min
Charging Time	210Min
Degree of protection	IP44
Weight	0.14Kg
Dimension	120.3×62.4×25.8mm
Supplied in	Color box
Includes	Cable 30cm
