

Magnetic Mini Pocket Work Light
350LM

RH-4226

- Powerfull Max.3W COB LED side element emits Max.350 Lumens which easily lights your work area uniformly plus one end functions as a conventional hand flashlight
- Trong Tail Magnet - allows mounting on steel car panels like the fenders or hood for hands-free use. Also features a CLothing Clip which clips securely onto your coat pocket or belt if required
- Water and Shock Resistant so it will stand up to rough use in emergency situations in the worst weather
- The light beam has a wide range of lightweight bodies that can be easily carried around in your pocket, and has a non-slip coating that can be quickly grasped in the hand. Stand at one end as an emergency light source
- The powerful magnet at the end of the flashlight allows You to fix this led flashlight on any ferrous surface to really free your hands.
- Automatic power-off protection, Don't worry about overcharging

Model	RH-4226
Light Type	COB+SMD
power	Max.3w
Battery	3.7v, 1200mah
Max.Flux	Max.350lm
Illumination Range	30m
Brightness mode	30% COB- 100% COB- Top SMD-off
CCT	COB:6500k SMD:7000-8000k
DC Input(charger)	5V/ 1A
Rotation angle	Holder:180°, Body:360°
Body material	ABS+PC
Runtime	240min
Charging Time	180min
Degree of protection	IP33
Weight	0.112Kg
Dimension	31x42x154mm
Supplied in	Color box
Includes	Type C USB cable, 30cm
