

Spotlight
120 lm

RH-4232

- Each lamp brightness is up to 150 lumens, it is about 300 lumens when 2 lamps work at the same time
- Built-in 2000 mAh Li battery, need about 4 hours to get fully charged and can work more than 5 or 10 hours. The Li battery can be recharged 300 times
- Ideal for automotive, RV, electrical, plumbing, truck, boat repair as well as a hands-free campsite light
- The light adopts Type-C charging technology, which is twice as fast as traditional USB interfaces and offers a longer battery life
- Our neck light offers three different color temperatures to choose from - white light, warm light, and warm white light

Model	RH-4232
Power Source	4xAA
Light Source	3W LED
Lighting Mode	On/off
Brightness	80 lm
Light Color	White
Color Temperature	6000K-7000K
Dimensions (Diameter/Total Length)	170x165x80mm
Finish Type	Rubber Painting
Material	ABS
Beam Distance	200M
Weight	0.655Kg
Include in	4xAA Batteries A Hanger and A Strap
Supplide in	Color Box A Hanger A Strap
