

Lighted Mechanical Pickup Tool
615mm

RH-4295

- Reach flexible pick up tool up to 615mm into cramped, tight or dark spaces
- Precise pickup- 4-pronged steel claw reacher picks up keys, rings, socks, screws and any small items out of reach, up to 15mm jaw opening
- Flexible shaft bends into sink drains and plumbing – no need to take apart the pipes to retrieve fallen objects
- Powerful white LED light illuminates even the darkest spaces with 4-5hours battery life
- Controlling your grabber is easy thanks to the press-and-release, spring-loaded grip. This makes it perfect for gripping all kinds of metal and non-metal objects
- The light helps you see wherever you reach, And, if you are reaching into mucky corners, cleaning your grabber tool afterwards is easy
