

Plasma Cutter

40A

RH-4680

- The plasma cutting machine has a higher speed than other cutting machines
- Plasma cutting accuracy is high
- The plasma cutting machine has a shorter cutting distance than other cutting machines

Model	RH-4680
Input Voltage	220V-240V
Power	4.5KW
Frequency	50Hz
Output Current	40A
Max Cut In Thickness	12mm
Duty Cycle	25°C 100%
No-Load Voltage	250±20%
Metals That Cut	Mild Steel/Stainless Steel/ Aluminum/Copper/Brass/ Cast Iron/Titanium
Type of Used Gas	Air
Insulation Class	F
Protection Class	IP21s
Engine Cooling System	Cooling Fan
Weight	5.1Kg
Packaging	Color Box

Accessories

1. Torch 4m
2. Earth Clamp Cable
Length:3M DKJ 10-25
TUV H01N2-D 1×12mm²
3. Brush Hammer
4. Welding Helmet
5. Barometer
6. Gas Hose 2PCs
7. Thread Seal Tape
8. Hose Clamp 3PCs
