

Multifunctional Electric Hydraulic Jack
150W

RH-4990

- Multifunctional tools for lifting vehicles, inflating tires and illuminate working environment
- Electric car jack is hydraulic driven, it can lift vehicles within 5tons in less than 1.5 mins to its Max
- High-efficiency pump and motor for true 150 PSI capability
- Two ways of power supply conection: battery clip with 12 V DC power socket and car cigarette lighter
- Three type of led lights for find lift area , illuminate working environment and warning
- Provided with safety valve to lose the car jack manually in emergency situation
- Equipped with self-locking power structure and over load protection
- Wide metal base for more stability
- Suitable for lifting and inflating SEDAN , SUV ,MPV

Model	RH-4990
Inflator Rated power	150W
Inflator Max.pressure	150Psi
Jack Lifting height	450mm
Inflator Voltage	12V/DC
Jack Adjustable height	300mm
Inflator Lights type	LED
Jack Voltage	12V/DC
Jack Lifting time	1.5Min
Inflator Power source conection type	A car cigarette lighter or car battery
Inflator Air hose length	600mm
Inflator Working temperature	-25C-50C
Jack Max loading car weight	5Ton

Jack Min.height	150mm
Inflator Alarm light	Red/Blue
Inflator Net Weight	4.6kg
Inflator Include	cable length(3.5m):1 pcs Safety Hammer:1 pcs fuse(15A):4pcs clips:1 pcs Gloves:1 pcs Hexagon socket wrench:1 pcs air core:3pcs
Inflator Max.current	10A
Inflator Air flow	35L/Min
Jack Max.current	15A
Jack Rated power	150W
Inflator Total weight	6.7kg
Inflator Supplied in	Toolbox color box carton
