

## Hex Flat Chisel 17\*280\*25mm

**RH-5031**

- Made from high-grade forged and heat-treated steel for exceptional strength and long-lasting durability.
- Engineered for quick material penetration.
- Tempered to enhance resistance against impact and heavy-duty use.
- Ideal for demolition, trenching, chipping, digging clay, breaking foundations, and more.
- Designed to break through concrete, brick, tile, stucco, block, masonry, chimney bases, and housing foundations.
