

SDS-Plus 2-Cutter Hammer Drill Bit 10*210mm-German

RH-59134

- The SDS-plus dual cutter is extremely robust and very powerful.
- Recessed, patented carbide tip ensures high resilience in reinforced concrete, fast drilling, and long service life.
- High-speed drill for professional results in concrete and reinforcements.
- Another advantage is the Twinmax 3D helix, which effectively transports drilling dust away, thereby minimizing the risk of dust 'blowback'.

Model	RH-59134
Shank Type	SDS-plus
Cutting Edge Type	2-Cutter
Total Length	210mm
Working Length	150mm
Diameter	10mm
Coating / Surface Treatment	Shotpeened
Hardness	>48HRC
Material	Steel
Tip Material	Tungsten Carbide
Application	Construction
Weight	10.89gr
Supplied In	Clip
